WELCOME TO THE RMIT-KOTO DREAM RIDE

Ride to make a difference

Growing from 30 riders in 2001 to over 200 riders in 2019, the KOTO Dream Ride has raised over US\$250,000 since its inception.

The Dream Ride this year of KOTO's Class 43 will be the most exciting journey yet. With great collaboration with RMIT, the ride is leading to our forever home – the KOTO training center in Phat Tich, Bac Ninh. The event is set to raise \$50,000 to fund our Class 43, who will be trained with valuable skills and supported to enter sustainable employment. They hail from backgrounds of crime, poverty, violence and/or have been orphaned.

Join us to create memorable impact not only with their personal development, but also create a ripple effect throughout the community that will go on for years!

DREAM RIDE ROUTE

Make sure you stay on the route!

1 LOOK OUT FOR THE INTERSECTIONS!

Each intersection where you need to turn is listed below - with at least a Volunteer present to help direct you, but don't rely on them. Follow the ride notes and route map and be aware of when the next turn is coming up.

2 REST STOPS

The first rest stop is next to the Thanh Am Secondary School on Nam Duong Road, about 4km after Long Bien Bridge. The second rest stop, also the Half Rider 20km mark, will be at Giong Temple. Make sure to look for these stops on the map before you ride!

3 CHALK SYMBOLS

There will be chalk symbols to mark the route. At the intersections, there will be an arrow pointing which way to go. On long stretches without turns there are also a splash of chalk to indicate that you are on the right path.

4 MECHANICAL CONTACTS

If you have any mechanical problems, get lost, or would like to discontinue the ride please call our hotline number: 0972,948,043

EMERGENCY CONTACTS

We got you!!!

If you think you are lost, retrace your steps to the route map or the main road as you can see in the ride notes, and then try again. If you can't figure out your way back then call our hotline.

Make sure you are always carrying enough water, and drink lots of it. The support vehicles will have water, and you can refill your bottles at the rest stops. The roads might have many turns and intersections – always continue to follow the most obvious and used looking road unless directed otherwise by the ride notes or by the Volunteers.

An ambulance will be following you along the way with experienced doctor and nurses to support you immediately in case of any health related incidents.
